Soroptimist International of Raleigh, NC serves to increase access to education for women and girls, primarily through our Dream programs. In addition to our awards programs, we continued working with teen girls at Mt. Vernon Middle School, where we held workshops on career planning and hosted a career fair. We also raised \$6,715 to donate to The Community Foundation of Western North Carolina's Emergency & Disaster Response Fund for relief efforts related to Hurricane Helene.

“With your support, I am committed to converting challenges into opportunities for change. Let us work together towards a world where every mother's journey into motherhood is met with safety, celebration, and the promise of a brighter future.”
